

CONGRATULATIONS TO
PROFESSOR MICHAEL S. WATERMAN
NEWLY ELECTED TO THE
NATIONAL ACADEMY OF ENGINEERING

MICHAEL S. WATERMAN

Professor of computer science at the USC Viterbi School of Engineering and professor of biological sciences and mathematics at USC Dornsife, Michael S. Waterman was recognized by the National Academy of Engineering “for development of computational methods for DNA and protein sequence analysis.”

USC Viterbi dean Yannis C. Yortsos added: “Michael Waterman’s election into the National Academy of Engineering is a resounding confirmation of his remarkable and pioneering work in computational biology. We cannot be more pleased that the academy has bestowed this highest honor upon him.”
