Congratulations to

Yan Liu &
Ben
Reichardt

Recipients of the

NSF
CAREER
Award

USCViterbi

School of Engineering
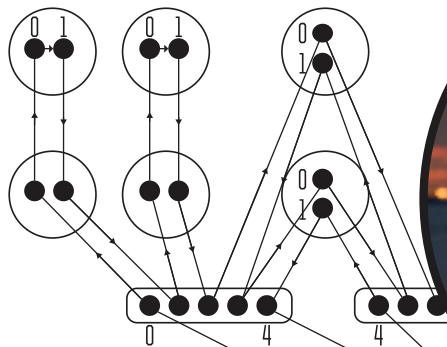

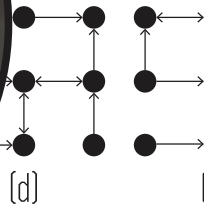

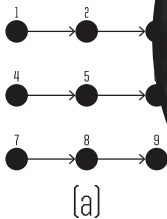

The Viterbi School is proud to announce that **Yan Liu**, assistant professor in the Department of Computer science, and **Ben Reichardt**, assistant professor in the Ming Hsieh Department of Electrical Engineering, have each received an NSF CAREER Award.

Professor Liu's research is in new machine-learning framework for time series data with applications to climate science and biology.

Professor Reichardt's research is in fundamental procedures for quantum computation, including techniques for designing and implementing quantum algorithms and their ultimate limits.
