

Congratulations to
Jernej Barbič
Selected as a
Research Fellow
by the
**Alfred P. Sloan
Foundation**

The USC Viterbi School of Engineering is proud to announce that **Jernej Barbič**, assistant professor and Viterbi Early Career Chair in the Department of Computer Science, has been awarded an 2014 Alfred P. Sloan Foundation Research Fellowship. The fellowships are given to early-career scientists and scholars whose achievements and potential identify them as rising stars, the next generation of scientific leaders.

Barbič was previously recognized as promising young researcher by MIT Technology Review as one of the “35 Innovators Under 35” in 2011 for making computer simulations run in real time.

Assistant Professor Barbič conducts research in computer graphics, animation, interactive physics, haptics, sound and control.
