

Congratulations to

Mark Humayun

Awarded the 2020

**IEEE Medal for Innovations
in Healthcare Technology**

Keck School of
Medicine of **USC**

USC Viterbi
School of Engineering

The USC Viterbi School of Engineering congratulates **Mark Humayun**, University Professor in Ophthalmology, Biomedical Engineering and Cell and Neurobiology, the inaugural Cornelius J. Pings Chair in Biomedical Sciences, who has been awarded the 2020 Medal for Innovations in Healthcare Technology from the **Institute of Electrical and Electronics Engineers (IEEE)**.

The prestigious medal is presented for exceptional contributions to technologies and applications benefitting healthcare, medicine and the health sciences.

Humayun is a pioneer in the development of prosthetic devices to treat the most debilitating and challenging eye diseases. He is co-inventor of the Argus Series retina implants, named a top 10 invention of 2013 by Time Magazine. Humayun holds more than 100 issued patents and patent applications and was a recipient of the National Medal of Technology and Innovation.
